

Dear Parent/Career,

I am writing to inform you of the exciting changes to our Personal Development Curriculum this academic year. All students at Toot Hill School and Toot Hill Sixth Form College will have a designated Personal Development Period timetabled weekly to enable them to have deeper discussions and be taught by their tutor/mentor. We fully commit to the personal development of all students at Toot Hill School and look forward to seeing them grow as individuals over time.

In the 6<sup>th</sup> Form, our Personal Development Curriculum is delivered on a Tuesday Period 2 where students focus on relationships and sexual education, health and safety, as well as finance. We are lucky to have an additional rolling period each week where we focus on becoming a scholar, as well as preparation for their future destinations.

We are proud of our Personal Development Curriculum as it is age appropriate, progressive and has been carefully curated to meet the bespoke needs of our students at Toot Hill 6<sup>th</sup> Form College. Please see the attached plans for the year ahead.

If you do have further questions, please do not hesitate to contact me.

Yours sincerely,

*C Mordue*
