

How to explore a career **PATHWAY**

# Career Explorer & Unifrog

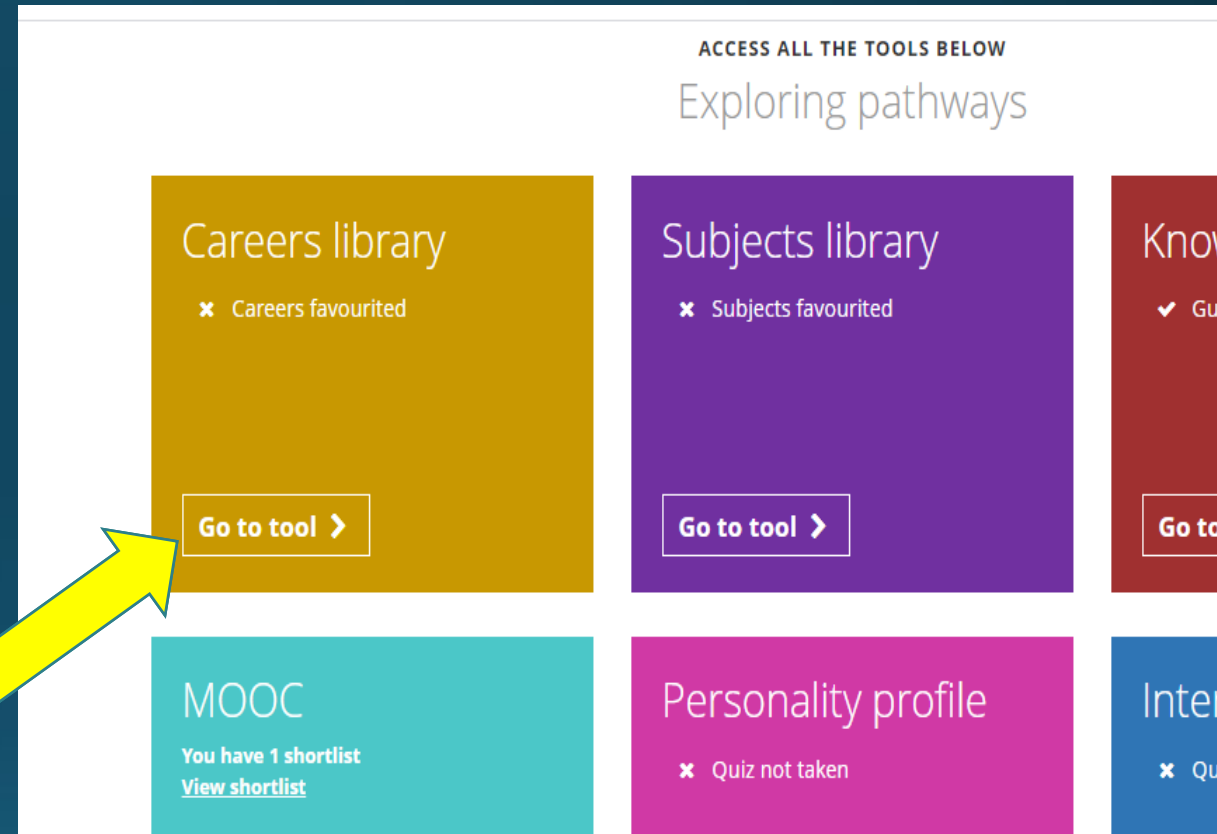

# Career Explorer

- <https://www.careerexplorer.com/>
- Try out the free assessment, answering the questions with honesty to see the suggested career and degree matches
- Only complete the **first three sections**, as these are quick and easy to complete.
- Check out and note the suggested career matches and then degree matches at the end of each section

# Unifrog

- <https://www.unifrog.org/student/home>
- Log on to **Unifrog** and seek out the **Careers Library tool** in the Exploring Pathways section
- Search pathways based on a **keyword**
- Search a pathway based on your **current subjects**

\*Pathways that you are interested in can be added to your **favourites** for future reference
